Notes

Lillie Mae Poe

This story is from Jewell Kathryn (Jordan) Butler known as Kay, her mother is Lenora (Poe) Jordan known as Nora. Lillie Mae Poe (known as Mae) was raped when she was a teenager and she had a difficult time getting through it. She met and married Charley Griggs. He turned out to be a drunk. They had a farm in Ana. Kay doesn't know if they rented or owned, but they never had money because of Charley's drinking problem. Kay's mother, Nora, bought some chickens and gave them to Mae telling her to raise them, sell them, and stressed that Mae was to keep the money and not give it to Charley. When the chickens were ready to sell, Charley took them, sold them, spent the night drinking and didn't come home until the next day. Nora was so mad she told Mae she was going to go talk to Charley. Mae pleaded with her to not do that as it would make Charley mad and she (Mae) didn't want him mad.
